Subject: BDCP Direction

All - Below is a summary of the Action Items identified during the technical meetings and the proposed dates for providing the items to EPA. Note I have summarized the action items by topic, so its not the detailed list.

March 16th:

- Fish and Aquatic habitat analysis - improved description of methods and decision making process

- Summary of Water Quality revisions
- Project relationship to SWRCB WQCP update
- More detailed description of fish screen design process

April 3rd:

- Analysis of downstream effects
- Identification of Preferred Alternative
- Additional Water Quality Analyses
 - o Results of ELT modeling
 - o Updated Se analysis
- Complete CEQA and NEPA conclusions for Chapter 11

BDCP Direction

Scheduled: Thursday, Mar 5, 2015 from 1:00 PM to 2:00 PM
